

## [How to access new books for FREE](#)

### Printed books:

Online sellers are still delivering books at decent prices. Try the following for daily deals:

***Worldofbooks.com***

***Amazon.co.uk***

***Wordery.com***

### E-Books:

E-books are easily accessible and you don't need an actual e-reader kindle type device anymore. You can read on a phone, tablet, laptop or PC.

If you are a member of your local library, you can borrow e-books and audio books via these websites or you can sign up for free if you haven't joined yet:

Greenwich:

To read Kindle **e-books** you don't need a Kindle. All that you need is an account with Amazon.co.uk (Visit amazon.co.uk and click sign in and new customer). You can then **download the Kindle App for free** to use on a PC, a Mac, an iPhone, an iPad, or an Android-based phone or tablet. Once you have this App, you can download Kindle books to read on whatever devices you have available.

Every day on Amazon you will find **free** Kindle books, Kindle 'Daily Deals' with books for as little as **99p** and deals on Prime Reading and Kindle Unlimited with **monthly free trials** giving you access to *thousands* of books for children of all ages.

### Audio Books:

Audio books can be great for reluctant readers, improving vocabulary and widening your child's access to free books or if siblings are sharing a device and want to listen to a book together. Audio books can also help children who are struggling to sleep or relax as they don't need to look at the screen which can interrupt healthy sleep patterns. Amazon have made their Audible children's books **free** to listen to:
